IN THE DIRT

IN YOUR LIFE

ON THE STREET

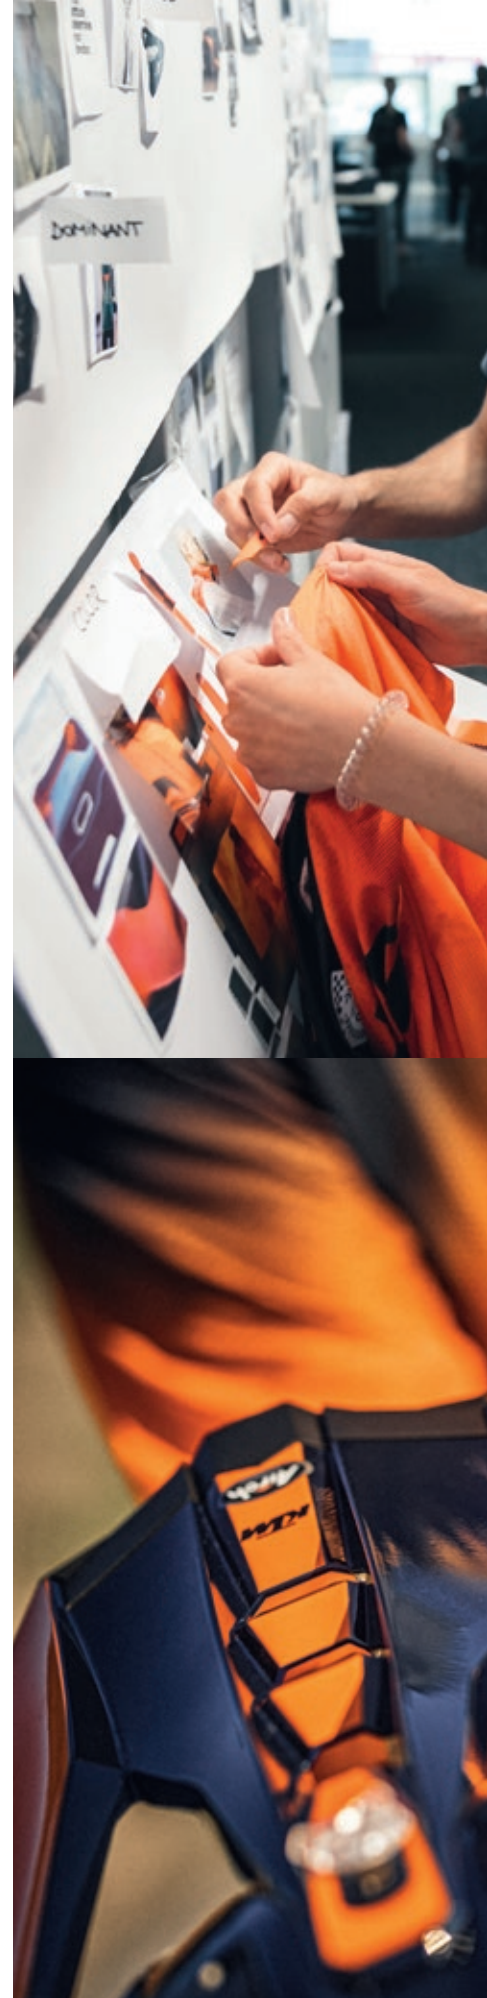

MAKING THE GRADE

It's no secret that **KTM** defines itself by the **READY TO RACE** mantra, producing products that deliver the highest levels of performance in the most challenging environments. Naturally, this desire to be the best is woven into the very threads that make-up the **KTM PowerWear** collection.

The latest ranges are planned, designed, and developed to meet the demands of the most passionate "orange bleeders". Each garment exudes its own striking character, making it as aesthetically pleasing as it is functional. And, through the use of innovative, fit for purpose materials, their appeal is amplified even further.

There's no denying that quality clothing offers a heightened experience for the wearer. With so much attention on fit, style, function, durability, and enjoyment, **KTM PowerWear** more than makes the grade.

GRAVITY-FX REPLICA COLLECTION INSPIRED

The **GRAVITY-FX REPLICA** collection is inspired by our factory superstars. Its bold style is an aggressive statement to competitors, warning them of your winning intentions. Packed with all the attributes that allow you to perform at your best, this lightweight, well-vented power set will ensure you keep laying down those fast laps from start to finish.

PERFORMANCE

GRAVITY-FX COLLECTION ABLAZED

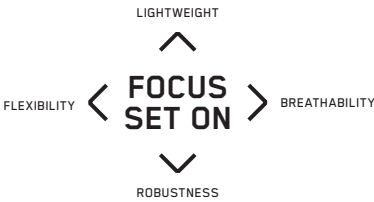

The **GRAVITY-FX** collection is supremely stylish and stops at nothing to deliver the highest levels of on-track efficiency. This is achieved by focusing on ventilation and minimal mass for maximum performance. With striking fadeproof prints, this set ensures you look like a winner, while keeping you fresh and sharp for extended periods of time.

POUNCE COLLECTION EXCEL

In this competitive sport you have to **POUNCE** on every opportunity you get for victory. On the top half, finely vented PE fabric keeps your body at the optimum temperature to race hard from start to finish. On the bottom half, the pants feature heatproof and abrasion-resistant knee reinforcements. Not only do they offer protection, these contribute to performance by allowing you to grip the bike more effectively as you power ahead of the pack.

ENDURO RIDER

DEFENDER GEAR

JACKET & PANTS

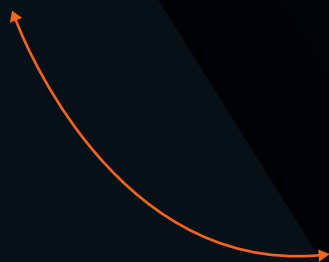

Despite its beauty, the great outdoors can be a harsh and unpredictable place. There's often no telling what conditions you will face out there, but one thing is for sure. They will be extreme. When it comes to clothing, versatility is key. The **DEFENDER GEAR** provides riders with all the options they need to face a wide range of challenging conditions.

The jacket and pants are made from breathable, water-resistant, and hardwearing materials. They were formed with the rider in position and feature 4-way stretch panels in all the right places. This means the set is not only tough, but exceptionally comfortable as well.

From full jacket to vest and riding again in three quick and easy actions.

- + UNZIP SLEEVES AT SHOULDER AREA AND REMOVE
- + STORE DETACHED SLEEVES IN LARGE REAR POCKET
- + CLICK INTO GEAR AND CONTINUE THE RIDE

When fully closed, the waterproof zippers keep moisture and cold air out. On the other hand, when the ride heats up, unzipping the front and back vents maximizes air circulation. To take it one step further, the sleeves can also be easily removed and stored in a large rear cargo pocket. An internal space for a back protector or water bladder is also provided, including a convenient tube guide for the drinking system.

The jacket also features inside storage pockets with a waterproof plastic holder for things like cell phones. Large orange cargo pockets are standout elements and allow riders to take what they need for those longer escapes into the unknown.

Designed to retain style, comfort, and function in both full and vest form. Sleeves can easily be removed with the jacket on.

+ LEFT & RIGHT KNEECAP AREA

The pants are not to be outdone by the jacket. Packed with just as much functionality and protection, they are equally ready for the challenge. Adjustable leg bottoms allow the pants to go inside or over the boots. Well-placed zipper vents on the thigh ensure optimal air circulation on the lower half. Connected to the jacket with a zipper, the pants complete the set with their own pair of orange cargo pockets for extra storage.

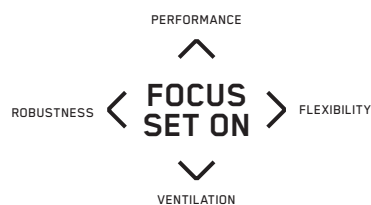

PRIMED FOR
UNPREDICTABILITY

RACETECH COLLECTION TOUGH

The **RACETECH** collection sets the bar high when it comes to durability. 'Keep on performing no matter what' is the underlying philosophy that defines this range. It features a strong, yet lightweight highly vented jacket and an equally tough riding shirt to go with the pants. Crafted to face the toughest Enduro trails, with a style that ensures you look good as you conquer them.

RACETECH WP COLLECTION RESOLUTE

The best way to get ahead of the competition is to raise the intensity when conditions get tough. If you're in for a wet ride, the **RACETECH WP** collection allows you to attack the trail in a waterproof version of your favorite gear, without compromising performance. You can stay dry and focused, while others are distracted by their own discomfort.

FOCUSED
ON THE RIDE

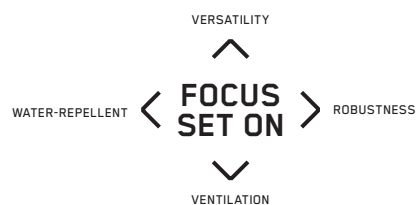

INSPIRED BY
THE ELEMENTS

DEFENDER COLLECTION PROFICIENT

Versatility is the major skill of the **DEFENDER** set. It ensures you stay dry in those high-speed water crossings, and with removable sleeves, allows you to stay cool when blasting through the desert. This is a clear all-rounder that is highly capable in extreme Enduro situations, and thanks to features like large cargo pockets, is also perfect for those longer Enduro days. The design is inspired by the very elements it was developed for, meaning it both looks and acts the part.

ADV R V2 GEAR

JACKET & PANTS

The **ADV R V2** collection is made for the extremes that go with **KTM** 'R-type' adventure. Its abrasion-resistant and tear-resistant polyamide construction, together with removable **SAS-TEC®** protectors, makes it tough enough to take on the world – and win. With features like large, easy-to-open vents and a detachable waterproof liner, this set's innovative elements deliver the versatility needed for lengthy excursions into the unknown.

Designed to fit comfortably into the elements it was made for, this set combines safety, comfort, and convenience into one stylish, travel-ready outfit for the most extreme adventurers.

+ JACKET

With a removable waterproof inner liner and detachable outer cargo pockets, the **ADV R V2 JACKET** can be as much or as little as you want it to be. Comfortable, adaptable, ventilated, and durable – all you need for your next extreme adventure.

- 1 DETACHABLE WATERPROOF LINER
WATER COLUMN: 10,000MM
- 2 REMOVABLE FRONT POCKETS
- 3 ADJUSTABLE SLEEVES
- 4 LARGE VENTILATION OPTIONS ON THE CHEST
- 5 YKK ZIP FASTENER
- 6 REMOVABLE SAS-TEC® LEVEL 2 PROTECTORS

- 2 TWO LARGE CARGO POCKETS
- 3 MAGNETIC SNAP BUTTON
- 4 STRETCH INSERT PANELS
- 5 REMOVABLE SAS-TEC® PROTECTORS ON KNEES (LEVEL 2)

The pants have a 10,000 mm water column and can also be adjusted to fit snugly over the boot to keep moisture out.

ADJUSTABLE TO RIDER NEEDS:

- + PANT LEG CAN GO OVER BOOT AND ADJUSTED TO A SNUG OR LOOSE FIT
- + PANT BOTTOM CAN BE ADJUSTED TO A SNUG FIT AND TUCKED INSIDE THE BOOT

The **ADV R V2 PANTS** are also made from a tough, tear-resistant polyamide construction, with a detachable waterproof lining. They feature well-placed ventilation zips, a unique magnetic snap button, and adjustable bootlegs that make them easy to wear and adaptable for your needs.

TERRA ADV GEAR

JACKET & PANTS

Adventure riding leads you to the most remote places. Unfamiliar landscapes that often present extremes in both terrain and weather, the award-winning **TERRA ADV GEAR** is the benchmark when it comes to riding into the mantra, producing products solutions that offer quick, on-the-fly access to ventilation. Ideal for those rides that start cold and quickly transition to warmer temperatures.

When the ride really heats up, larger vents on the front and the back can be opened. This promotes maximum airflow through the jacket, pushing large volumes of warm air out the back. Not even a surprise afternoon rain shower can spoil your ride. In addition to its removable thermal inner liner, the jacket also has a 100% waterproof outer layer, ensuring the ride goes on no matter what mother nature throws at you.

TRAVELER

ADV S WP GEAR

JACKET & PANTS

Bad weather is never a deterrent for the hardcore traveler and the best rides are certainly not reserved for sunny days. This high-quality, versatile touring set has been developed with one key focus – to dominate the elements.

Using **SYMPATEX®** membrane technology in combination with water-repellent zips and waterproof pockets, this jacket is designed to keep water out and everything on the inside dry. With all its innovative sealing features, wet weather is no longer a ride deterrent.

+ JACKET

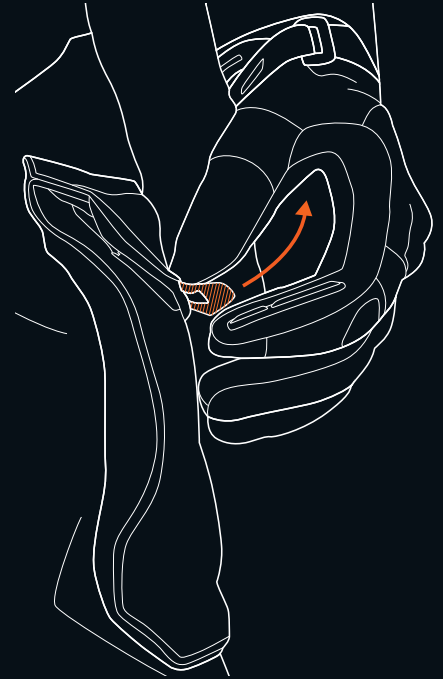

- 1 STAND-ALONE WEARABLE THERMAL LINER
- 2 ADJUSTABLE SLEEVES
- 3 TWO WATERPROOF FRONT POCKETS
- 4 ADJUSTABLE WAIST
- 5 LARGE VENTILATION OPTIONS ON CHEST AND ARMS
- 6 SYMPATEX® PERFORMANCE 2-LAYER OUTER MATERIAL WATER COLUMN: 20,000MM
- 7 REMOVABLE SAS-TEC® PROTECTORS ON SHOULDERS AND ELBOWS (LEVEL 2)

The **ADV S V2 JACKET** features a windproof, waterproof, and breathable outer layer, with a removable thermal liner. This makes it highly adaptable for changing weather conditions.

Protection is a heightened consideration when it comes to riding in the wet. This jacket delivers that thanks to its abrasion-proof, rip-resistant, elastic **SYMPATEX®** performance 2-layer outer material and removable **SAS-TEC®** protectors on the shoulders and elbows. A mesh lining throughout, several adjustment straps, and preformed elbow structures all ensure riders are comfortable, even when conditions aren't.

Although designed to keep harsher elements out, access to airflow is only one pull away.

- + SIMPLE OPEN AND CLOSE FUNCTION OF WATER-REPELLENT YKK ZIPS
- + KTM TPR ZIP-PULL WITH THUMB HOLD FOR ON-THE-FLY ACCESS TO VENTILATION.

+ PANTS

The **ADV S V2 PANTS** feature the same detachable thermal lining, **SYMPATEX®** performance 2-layer outer material, and removable **SAS-TEC®** protectors as the jacket. Heatproof and abrasion-resistant leather knee reinforcements further add to protection. Riders can also adjust the bootlegs to suit different styles of boots.

DRIVEN BY
CURIOSITY

ADVENTURE S WP V2 COLLECTION

RESILIENT

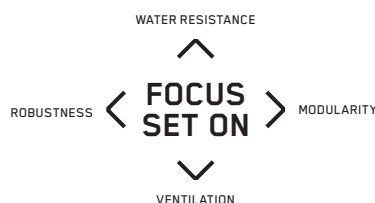

If you're keen on crossing continents and dominating the elements, then you've found your match. Featuring **SYMPATEX®** membrane technology, the versatile jacket provides riders with a windproof, waterproof, and breathable outer layer, as well as a removable thermal liner. With quick opening front vents added to that, you are left with the ultimate set of gear for changing weather conditions.

TOURRAIN WP V2 COLLECTION

TENACIOUS

If your journey leads you into the heart of the storm, then waterproof apparel is a travel must. Thanks to a breathable, integrated Z-liner, you can stay dry and comfortable even in the wettest conditions. You can also manage your body temperature by adding or removing the thermal jacket, or by opening and closing the strategically placed vents. With this gear, there is no bad time for adventure.

RAPID 2-PCS SUIT COLLECTION

AMBITIOUS

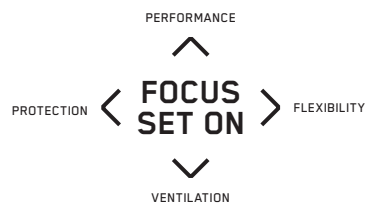

Performance without compromise to convenience. The **RAPID 2-PCS** leather suit offers premium protection for limit seekers, with the added benefit of a separate removable jacket for those mid-ride pit stops. Two outside and inside pockets provide additional elements of convenience, while strategically placed stretch panels add extra comfort.

RESONANCE LEATHER JACKET STYLISH

The **KTM RESONANCE LEATHER JACKET** is anatomically mapped for optimized levels of performance, fit, and comfort. Constructed from premium leather, it has class-leading protective features inside and out. This ergonomically engineered, CE-certified masterpiece can be worn on its own, making for an extremely versatile performance riding jacket.

TENSION LEATHER JACKET RESOURCEFUL

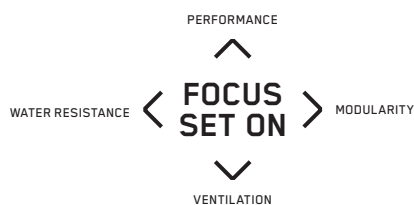

This innovative jacket combines protective 1.3 mm cowhide leather with generous volumes of stretch material. This makes it the ideal option for those looking for comfort on the daily commute, as well as premium protection for when they feel the need to raise the intensity on the way home.

APEX V3 COLLECTION LIVELY

If you're a dynamic rider needing a sporty, multi-functional textile outfit for your high-speed commutes, then look no further. Styled for performance, the **APEX V3**'s abrasion-resistant and tear-resistant elastic outer material gives you excellent protection without compromising freedom of movement and comfort. This set has all you need to attack the ride in true **KTM** style.

SOLAR AIR JACKET

COURAGEOUS

Riders face many challenges but dealing with mother nature is one of the toughest. Something the temperature controllable **SOLAR AIR JACKET** is up for. Its removable windproof, water-repellent lining makes it great for facing all types of weather. Made to optimize air circulation, this versatile high-performance jacket is a great choice no matter what the ride has in store for you.

For optimal ventilation it is important that warm air is able to exit the helmet at the same rate as fresh air enters. The **BREAKER EVO HELMET** has two front vents and a large exit vent on the rear, resulting in maximum airflow efficiency.

BREAKER EVO HELMET

The **BREAKER EVO HELMET** features a UV-resistant, anti-scratch twin shield system, multiple ventilation channels, and a high-speed aerodynamic design. It provides all you would expect from a high-end sport-touring lid.

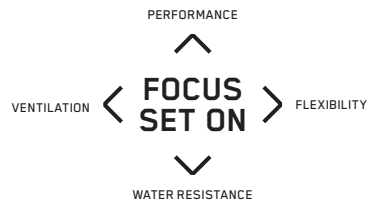

A removable, washable, anti-microbial, breathable inner liner ensures total comfort every time you go out touring, while its integrated sun visor makes the going easy on your eyes in glary conditions. The unmistakable **READY TO RACE** graphics proudly show your high-speed travel intentions.

STREET EVO V2 JACKET

VIBRANT

If you aim to ride with speed and style, your clothing should match your intent. This can be done with the **STREET EVO V2**, one of **KTM**'s most stylish multi-purpose all-weather street jackets. Made from water-repellent, 330D nylon, it features brightly colored reflective panels in all the right places. Now all the elements of the ride can be perfectly aligned.

TWO 4 RIDE JACKET

CONFIDENCE

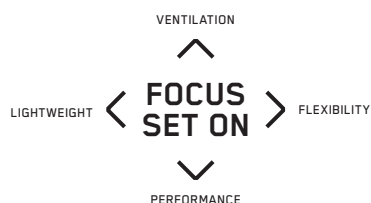

Take your street style on the ride too! The **TWO 4 RIDE** is an extremely lightweight, water-resistant softshell motorcycle jacket with a high collar and integrated hood. But don't be fooled by its casual look and feel. With built-in protection and options for a **SAS-TEC®** back protector, more hardcore riding is definitely on the cards too.

VENTED V2 JACKET

MAXIMIZED

It goes without saying that on the warmest mid-summer days it can be tough to layer up for the ride. The **VENTED V2 JACKET** maximizes airflow with multiple perforation zones and mesh panels. This is achieved without compromise to protection thanks to its abrasion-proof, rip-resistant polyester makeup.
